

Md. Arif Hossain

Dhaka, Bangladesh • +880 1 71 23 45 678 • arif.hossain@example.com

EDUCATION

Jan 2017	UNIVERSITY OF DHAKA <i>Bachelor of Science in Computer Science</i>	Dhaka, Bangladesh
	Dean's List	
	Relevant coursework: Data Structures and Algorithms (complexity, optimization), Relational Databases (SQL, PostgreSQL, data modeling), Backend Development (Node.js, REST APIs, microservices architecture), Object-Oriented Programming (design patterns, SOLID principles), Distributed Systems (scalability, resilience, load balancing), Information Security (authentication, encryption, best practices)	

PROFESSIONAL EXPERIENCE

Jul 2022 2 years and 6 months	SOFTVENCE AGENCY <i>Backend Developer</i>	Remote
	- Designed multi-project backend architecture for fintech and e-commerce clients using NestJS, PostgreSQL, Redis (microservices, scalability, ...) - Developed scalable REST APIs for 8 concurrent projects with Swagger documentation, Jest testing, CI/CD integration via GitHub Actions - Optimized PostgreSQL database performance through advanced indexing, query optimization, reducing response time 40% on critical endpoints - Coordinated distributed technical teams of 6 developers with code reviews, pair programming, junior mentoring, TypeScript standards	
Feb 2021 1 year and 5 months	TECHNOVA SOLUTIONS LTD. <i>Junior Backend Developer</i>	Dhaka, Bangladesh
	- Developed backend modules for business applications using Node.js, Express, JWT authentication management, third-party service integration (payment) - Managed PostgreSQL databases with Sequelize migrations, relational schema modeling, complex query optimization for client reporting - Implemented RESTful APIs for mobile and web applications with data validation, error handling, centralized logging via Winston and Sentry - Participated in Agile sprints with 5-developer team including daily standups, code reviews, technical documentation, Docker production deployment	

LANGUAGES & SKILLS

- **Language:** Bengali (native language), English (fluent, C1)
- **IT:** Node.js (advanced), NestJS (advanced), TypeScript (advanced), PostgreSQL (intermediate), REST API Development (advanced), Docker (intermediate), Git (advanced)

ACTIVITIES & INTERESTS

- Open Source Contributor (Node.js projects, GitHub community participation, code reviews, popular NPM package documentation)
- Backend Technology Watch (JavaScript podcasts, Medium articles, Node.js conferences, cloud-native architecture experimentation)
- Junior Developer Mentoring (weekly sessions, best practices sharing, distributed Bangladesh team skill development support)
