

Md. Arif Hossain

Dhaka, Bangladesh • +880 1 71 23 45 678 • arif.hossain@example.com

EDUCATION

2017	UNIVERSITY OF DHAKA <i>Bachelor of Science in Computer Science</i> Dean's List Computer Science Relevant coursework: Data Structures and Algorithms (complexity, optimization), Relational Databases (SQL, PostgreSQL, modeling), Backend Development (Node.js, REST APIs, microservices architecture), Object-Oriented Programming (design patterns, SOLID principles), Distributed Systems (scalability, resilience, load balancing), Cybersecurity (authentication, encryption, best practices)	Dhaka, Bangladesh
------	---	-------------------

PROFESSIONAL EXPERIENCE

Jul 2022 2 years and 6 months	SOFTVENCE AGENCY <i>Backend Developer</i> - Designed multi-client backend architecture using NestJS, PostgreSQL, Redis for fintech and e-commerce applications (microservices, etc.) - Developed scalable REST APIs for 8 concurrent projects with Swagger documentation, Jest unit tests, CI/CD integration via GitHub Actions - Optimized PostgreSQL database performance through advanced indexing, query optimization, 40% response time reduction on critical endpoints - Coordinated distributed technical teams of 6 developers with code reviews, pair programming, junior mentoring, TypeScript standards adoption	Remote
Feb 2021 1 year and 5 months	TECHNOVA SOLUTIONS LTD. <i>Junior Backend Developer</i> - Developed backend modules for business applications using Node.js, Express, JWT authentication, and third-party service integrations (payments, etc.) - Managed PostgreSQL databases with Sequelize migrations, relational schema modeling, and optimization of complex reporting queries - Implemented RESTful APIs for mobile and web applications with data validation, error handling, and centralized logging via Winston and Sentry - Participated in Agile sprints with a team of 5 developers, including daily standups, code reviews, technical documentation, and Docker-based production deployments	Dhaka, Bangladesh

LANGUAGES & SKILLS

- **Language:** Bengali (native), English (fluent, C1)
- **IT:** Node.js (advanced), NestJS (advanced), TypeScript (advanced), PostgreSQL (intermediate), REST API Development (advanced), Docker (intermediate), Git (advanced)

ACTIVITIES & INTERESTS

- Open Source Contributor (Node.js projects, GitHub community participation, code reviews, documentation for popular NPM packages)
- Backend technology enthusiast (JavaScript podcasts, Medium articles, Node.js conferences, experimentation with new cloud-native architectures)
- Junior developer mentorship (weekly sessions, best practices sharing, distributed team upskilling in Bangladesh)
