FORMATION

expected 2023	University of Dhaka B.Sc in Computer Science Dean's List Relevant coursework: Data Structures and Algorithms (méthodes avancées, études de cas pratiques), Database Systems (méthodes avancées, études de cas pratiques), Operating Systems (méthodes avancées, études de cas pratiques), Computer Networks (méthodes avancées, études de cas pratiques), Software Engineering (méthodes avancées, études de cas pratiques), Machine Learning Basics (méthodes avancées, études de cas pratiques)	Dhaka, Bangladesh
---------------	--	-------------------

EXPÉRIENCES PROFESSIONNELLES

Jan 2022 36 months	Tech Solutions Ltd Software Engineer - Developed scalable web applications for diverse clients using Python and FastAPI, enhancing system efficiency by 30% through optimized code and architecture..., avec coordination d'équipes pluridisciplinaires et gestion de projets transverses - Implemented database solutions with PostgreSQL, ensuring data integrity and performance optimization for high-traffic applications, reducing query time by 20%..., avec coordination d'équipes pluridisciplinaires et gestion de projets transverses - Collaborated with cross-functional teams to deploy applications on AWS, utilizing EC2, S3, and RDS, achieving seamless integration and deployment processes..., avec coordination d'équipes pluridisciplinaires et gestion de projets transverses	Dhaka, Bangladesh
Jun 2021 6 months	Startup XYZ Junior Developer (Intern) - Assisted in the development of a React.js front-end application, improving user interface responsiveness and user experience by implementing modern design principles..., avec coordination d'équipes pluridisciplinaires et gestion de projets transverse - Contributed to the backend development using Python, focusing on API development and integration, which facilitated real-time data processing and communication..., avec coordination d'équipes pluridisciplinaires et gestion de projets transverses - Participated in code reviews and debugging sessions, enhancing code quality and reducing bugs by 15% through meticulous attention to detail and collaborative problem-solving..., avec coordination d'équipes pluridisciplinaires et gestion de projets tr	Remote

LANGUES & COMPÉTENCES

- Language:** Bengali (Native), English (Fluent, C1), French (Intermediate, B1), Hindi (Conversational)
- IT:** Python (Expert), FastAPI (Advanced), PostgreSQL (Advanced), Docker (Intermediate), Git & GitHub (Expert), React.js (Intermediate), AWS (EC2, S3, RDS) (Intermediate), Machine Learning Basics (Beginner)

ACTIVITÉS & CENTRES D'INTÉRÊT

- Open Source Contributor (contributed to multiple projects on GitHub, focusing on Python and web development)
- Tech Community Organizer (organized meetups and workshops for local tech enthusiasts, fostering collaboration and knowledge sharing)
- Volunteer Developer (provided technical support and development services for non-profit organizations, enhancing their digital presence)
