

Md. Arif Hossain

Dhaka, Bangladesh • +880 1 71 23 45 678 • arif.hossain@example.com

EDUCATION

Jan 2022	NORTH SOUTH UNIVERSITY Master of Science in Software Engineering Merit Scholarship (academic merit scholarship) Relevant coursework: Microservices Architecture and Distributed Systems, Performance Optimization and Scalability, Application Security (authentication, authorization, cryptography), Cloud Computing (AWS, Docker, Kubernetes), Advanced Design Patterns (advanced methods, practical case studies)	Dhaka, Bangladesh
Jan 2018	UNIVERSITY OF DHAKA Bachelor of Science in Computer Science Dean's List (academic excellence recognition) Relevant coursework: Data Structures and Algorithms (advanced methods, practical case studies), Database Management Systems (SQL, PostgreSQL), Software Architecture (advanced methods, practical case studies), Object-Oriented Programming (Java, Python), Networks and Protocols (advanced methods, practical case studies)	Dhaka, Bangladesh

PROFESSIONAL EXPERIENCE

Jul 2023 1 year 10 months	NEXTBRIDGE DIGITAL Senior Backend Developer - Led backend architecture for scalable digital products (500k+ users) using NestJS, PostgreSQL, Redis - Optimized high-availability systems via load balancing, database sharding, caching strategies - Refactored legacy infrastructure to cloud-native architecture (AWS ECS, Docker, Kubernetes)	Dhaka, Bangladesh
Sep 2021 1 year 10 months	SOFTVENCE AGENCY Backend Developer - Designed scalable backend architecture for 5 client projects (e-commerce, fintech, SaaS) using NestJS, microservices - Implemented secure authentication systems (OAuth 2. - Developed CI/CD pipelines with Docker, GitHub Actions, automated deployments, unit and integration tests	Remote
Feb 2020 1 year 7 months	TECHNOVA SOLUTIONS LTD. Junior Backend Developer - Developed RESTful APIs for enterprise software using Node. - Optimized complex SQL queries and PostgreSQL database indexing for 25% performance improvement - Integrated external services (Stripe/PayPal payment gateways, third-party APIs, webhooks) with robust error handling	Dhaka, Bangladesh

LANGUAGES & SKILLS

- **Language:** Bangla (native language), English (fluent, C1)
- **IT:** Node.js (advanced), NestJS (advanced), PostgreSQL (advanced)

ACTIVITIES & INTERESTS

- Open Source Contributor (Node.js and NestJS projects on GitHub, 200+ annual contributions, maintenance of popular backend libraries)
- Programming Competition Participant (national algorithmic competitions, complex problem solving, top 15% national ranking)
